Jun 2 2017 3.00 pm	Manulife Holdings Bhd (AGM)	TPC Kuala Lumpur (formerly known as Kuala Lumpur Golf & Country Club)

The points of interest to be raised:

Genting Malaysia Bhd

It was stated in the Annual Report 2016 that Genting Integrated Tourism Plan ("GIP") would open progressively from 2017.

When would be the targeted date of commencement for the Twentieth Century Fox World theme park?

What were the reasons for the delay in the opening of new theme park which was scheduled to open in 2016.

Genting Bhd

Please enlighten shareholders on the developments of the Group's associate, TauRx Pharmaceuticals Ptd ("TauRx").

There were several news media reported that TauRx's third phase clinical trial for the Alzheimer's drug did not work well with other drugs but worked in patients who were treated with LMTX alone. Could the Board comment on the news?

Would there be a concern that the Group's investment in TauRx be subject to the risk of impairment if LMTX fail to receive the approval of the Food and Drug Administration ("FDA")?

Manulife Holdings Bhd

Digital transformation would be critical to expand further the reach to its targets/ market segments. Given that the Company has stated that it is embarking and focusing on these areas to improve branding and potential business, what would be its estimated budget allocated to spearhead this challenge in the next 24 months.
