Navigating the National Sustainability Reporting Framework & Latest Bursa Listing Requirements

Programme Overview

In September 2024, the Securities Commission Malaysia announced implementation of the National Sustainability Reporting Framework (NSRF). It mandates IFRS Sustainability Disclosure Standards (ISSB Standards) for listed and large non-listed companies. The framework aims to enhance transparency, accountability and business resilience, aligning the nation's sustainability goals. In December 2024, Bursa Malaysia announced corresponding amendments to the Listing Requirements. Compliance will be phased, starting in 2025 for large Main Market PLCs, extending to others by 2027.
