Programme Overview - CG12

MCCG 2021 sits at the centre of Malaysia's corporate governance architecture — and is being tested by the National Sustainability Reporting Framework, the latest Bursa Listing Requirement amendments, Section 17A MACC, and the forthcoming 2026 Code revision. This half-day programme is designed for boards, senior management, and risk/compliance leaders who need a working command of the Code, an understanding of how governance becomes a brand and trust asset, and a practical view of what earning trust looks like in conduct, conflicts, and oversight — all in a single morning.

Key Focus Areas

- MCCG 2021 — the working manual; CARE, sustainability governance & the 2026 revision
- Governance is the brand — the rebrand thesis for resilience
- S.17A MACC, enhanced COI, and the Three Lines Model
- AG Report 2/2025 case studies — what action looks like
- Practical, immediate-use frameworks — CARE, T.R.U.S.T., and SCORE

Delivery Format

- Highly interactive, case-driven, and discussion-based
- Practical board questions and frameworks (embedding CARE, T.R.U.S.T., SCORE)
